سومين همایش نانو مديسين با شعار تأثير جهاني بر سلامت و محيط زيست انسان

3rd & Nanomedicine Nanosafety

c o n f e r e n c e

Global impact on human health and environment

25-26 January 2020
Tehran University of Medical Sciences
Tehran, Islamic Republic of Iran

Nanomedicine Topics

- Nanocarriers in targeted delivery systems
- Nanotechnology in biomedical devices
- Regenerative nanomedicine
- Nanotechnology in diagnosis and imaging
- Nanobiosensors
- Cancer nanotechnology
- Nanobiotechnology and nanobiosystems
- Commercialization and technology transfer

Nanosafety Topics

- Risk assessment
- Biocompatibility assessment
- Regulation and standardization
- Occupational health
- Environmental interactions
- Toxicology
- Ecotoxicology and life cycle analysis
- Nanofood safety
